

Black Magic

Now on store shelves, Silgan proudly introduces two new custom packages for Black Magic. For automotive enthusiasts, Black Magic Scratch Treatment for detailing and Black Magic Spot Treatment for upholstery cleaning make car care effortless with these unique, easy to use packages. With Silgan designing and manufacturing the complete package, the customer maintained continuity on the project and increased speed-to-market as a result of only working with one company for design and package development. From the blow molded bottle to the injection molded dispensing ends and over caps, these unique packages stand out on the store shelf.

For more information on how Silgan can create a complete, custom package for your product, please contact your Silgan account manager.
