

Rigid HDPE Cold-Fill Bottles

When it comes to product safety, user-friendliness, cost and sustainability, rigid PE bottles are the **solid** choice.

Silgan Plastics manufactures a wide variety of high-density polyethylene (HDPE) bottles in both custom and standard shapes for your cold filled refrigerated products. These handled bottles are available in 1L, 2L & 4L with DBJ closures. There truly is **no comparison**.

Competitive Cost with a Multitude of Additional Benefits:

- + Enhanced Product Safety and Shelf Life with Airtight Closure
- + User-Friendly Handle for Easy Dispensing
- + Easily Fillable Due to Package Stability & Consistent Neck Finish
- + Lower Investment for Fill Equipment
- + Resealable to Maintain Freshness
- + Visibility of Product Fill Level
- + Lower Cost, Fully Customizable Decoration (Including Digital for Small Batch)
- + Fully Recyclable - Cartons & Bags Do Not Have Reliable Recycling Streams
