

Large & Handle Ware

stock and mold available bottles

standard and custom solutions

Silgan Plastics is a leading manufacturer of plastic containers in North America for a variety of markets including household, industrial, automotive, food, personal care, healthcare and specialty beverages. We produce plastic containers from a full range of resin materials and offer a comprehensive array of molding and decorating capabilities. Silgan Plastics currently provides millions of standard and custom solutions each year.

Our talents in product design and specialized manufacturing allow us to break through the barriers of traditional blow molded products to provide innovative solutions. One of our specialties is large and handle ware. These items have a wide range of industrial and institutional applications from food service to automotive and agriculture.

- + Large offering of mold available and custom packages ranging from 64oz up to 30L
- + Multiple plants in US and Canada with dedicated platforms for large ware production
- + Variety of extrusion blow molding equipment to support this market
- + Proven capabilities with dosing mechanisms (Bettix) and bi and tri-chamber capabilities
- + Molds range from 1 to 6 cavities
- + Multilayer and view-stripe options
- + Barrier & EVOH capabilities
- + Many of the packages have passed UN certification
- + Multiple machine with existing IML capability
- + Woodbridge facility is ISO 9001 certified
- + Houston offers in-house fluorination
